CLINIC NEWSLETTER

JULY 2025 | LET'S TALK: YOUR PMR CLINIC

YOUR CLINIC vs AN URGENT CARE

Unlike urgent care, the PMR Clinic at JMH is **FREE** for eligible health plan members to use!

More importantly, the clinic focuses on primary care and preventative care. Instead of treating your sore throat and sending you on your way, the PMR medical team supports your health to help avoid the sore throat be begin with. And when you do get sick, they make sure there's no underlying health issue causing those symptoms.

Make an appointment to visit us today--- you have FREE unlimited access to wellness, ongoing care, preventative care, primary care, physicals, sick visits, select medications, and lab testing.

WHO CAN SEE MY PATIENT RECORDS?

This is a valid and very important question! PMR follows all HIPAA rules and regulations to safeguard your person information. We will not share your records without your consent - not even with your employer!

If you have any questions at all, please reach out. **We want to make sure you are confident and comfortable in the knowledge that PMR has been safeguarding our patients' personal information for over 20 years.**
